

# TempRE Bank

The most comprehensive staff bank available to the NHS

**Saving the NHS £118K per day through TempRE Bank**

**Converting between 25% and 75% of agency type fill to a cost effective bank fill**

**240 hours admin time saved per organisation per month**

## Why choose TempRE Bank?

Unlike many traditional Bank providers who simply shift your Agency Spend to Bank, often overlooking the root causes of your temporary staffing spend, we take a different approach. Our Bank-first strategy optimises your internal Bank, simultaneously reducing agency and bank spend.

With almost 15 years of experience refining our solution and gathering extensive intelligence, we're equipped to work hands-on with you, transforming your approach to workforce management and delivering sustainable, long-term results.

## Unmatched Benefits for NHS Trusts

- **End-to-End Process Redesign:** Tailored process improvements that drive seamless integration and optimise every stage of your staffing workflow.
- **World Class Technology:** Intuitive solutions designed to streamline processes and boost operational efficiency.
- **Expert Resources at Your Fingertips:** Access to our team of NHS Workforce experts, who bring knowledge and industry insights to ensure your success.
- **Continuous Support and Guidance:** Ongoing, proactive support to keep your operations running smoothly and to help address any challenges along the way.
- **Comprehensive Reporting and Analytics:** Powerful reporting tools to provide actionable insights and help you make data-driven decisions for your staffing needs.
- **Unwavering Commitment to Maximising Your Bank's Potential:** Dedicated to ensuring your Bank is optimised, delivering value and tangible, sustainable results.
- **Access to our National Staff Bank:** Seamlessly integrate the Bank solution with our Liaison National Bank, connecting you with the largest pool of retired clinicians in the UK and expanding your staffing options.
- **Flexible Payroll:** In-house payroll options to deliver weekly and daily pay for staff.

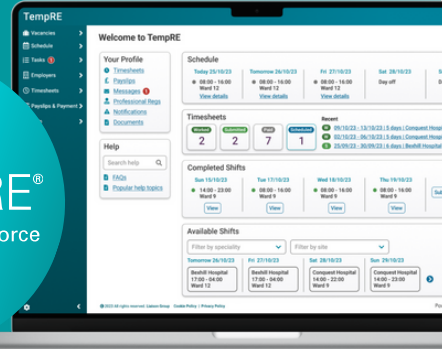

We use the TempRE system for Agency Direct Engagement and our Medical Staff Bank to optimise the management of our medical workforce. The system has been instrumental in significantly lowering agency costs while providing us with complete visibility and greater control over our bank usage.

The ongoing review meetings with the Client Support team are invaluable. They help us pinpoint areas of high spend and uncover opportunities for improvements. With the recent release of the draft operational planning guidance, we feel reassured knowing that we're in safe hands with Liaison, who are committed to actively driving savings and enhancing our efficiency.

**Pat Pedley**  
Medical Staffing Manager,  
Walsall Healthcare Trust

# TempRE Bank

The most comprehensive staff bank available to the NHS

We average a total of 4,000 shifts filled per week

151,000 timesheets processed annually for our clients

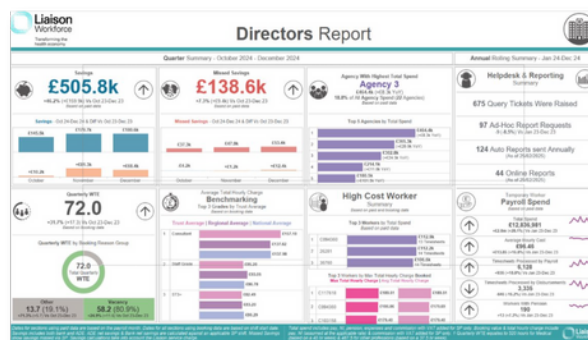

90% customer satisfaction rating, with 98% of tickets resolved on first contact with the team

## Reporting and Analytics unlike any other Bank provider

Our powerful automated reports deliver the most advanced intelligence available to the NHS. You'll receive ongoing analysis of bank activity and utilisation by staff group and speciality, timesheet status monitoring, filled/unfilled shift tracking, and more, all as standard.

These insights mean you can track workforce activities effectively, optimise productivity, and ensure workforce management stays on target. With real-time access to critical data, you can make informed decisions faster.

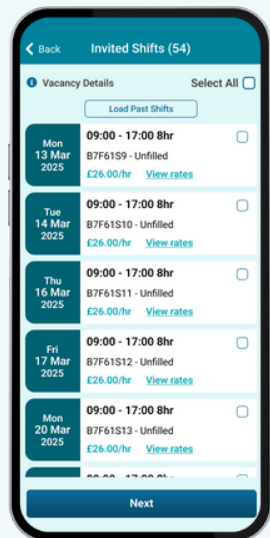

We are the only workforce platform that combines Internal Staff Banks, Collaborative Banks, and a National Bank with agency supply and demand management - all in one seamless system.

Our integrated approach provides a flexible, responsive resource pool to meet fluctuating clinical demand, while helping you control variable pay costs.

**Jack Mazzina**  
Commercial Director,  
Liaison Workforce

## No Cost Pressure: Just Results.

It doesn't matter if you're locked into a contract or paying for a solution you're not using—we're here to help. Our innovative commercial model means we can offer a unique, risk-free solution that puts your goals first.

Our commitment: We'll deliver the solution you need to deliver results on a contingent basis. You won't be burdened with upfront or unexpected expenses.

No matter your current situation, we can help you move forward without cost pressure.

## TempRE Bank is just one solution within our Workforce family.

We've built an extensive, integrated platform that supports our partners throughout the staffing journey, from candidate attraction and marketing support, demand management, recruitment and retention, workforce analytics, staff productivity and staff wellbeing.
