

We are delighted to announce the next phase of the Emeritus initiative - Emeritus 2.0. Building on the success of our Liaison National Bank service, we're expanding our efforts to increase capacity, improve patient care, and create more opportunities to strengthen our NHS.

Now, with Emeritus 2.0, we're taking this success even further. By collaborating closely with NHS providers, we're filling gaps in critical specialisms, accelerating care delivery, and improving patient outcomes.

Achievements to date:

- **40+ provider and 300+ clinician** expressions of interest
- **140+ shifts worked** since September 2024
- Building the **UK's largest bank** of retired clinicians.

Judith Shaw, Managing Partner, Liaison Workforce

As part of this extension, we've taken Emeritus to the next level, giving NHS organisations more power and greater flexibility through:

- ✓ **More control** – get clear reporting and access to regional rates, putting you in the driver's seat
- ✓ **Support in the right areas** – bespoke strategies to attract specialisms, giving you more access to the staff you need
- ✓ **Unlocking more resource** – connect with the largest pool of retired clinicians, expanding your staffing options
- ✓ **Affordable solution** – all for £12,000, offering unmatched value for this enhanced service. Our award-winning teams are here to guide you through every step - from onboarding to next steps, you're in safe hands.

**In just three months, Milton Keynes University NHS FT reduced their Ophthalmology waiting list from 1,000 to 200 patients – a fantastic outcome for those waiting for care.**

Our technology in focus: what we've **delivered**...

- Saving the NHS **£118K per day** through TempRE Bank.
- Converting between **25% and 75% of agency** type fill to a cost effective bank fill.
- Averaging a total of **4,000 shifts** filled per week.
- **240 hours** admin time saved per organisation per month, through processing onboarding and offboarding.
- **90% customer satisfaction** rating provided by the Liaison Workforce Support team.
